## Alumni Testimonials

**Steffi Puerto**  
(she/her/ella),  
Spring 2023

I currently work as a news reporter for KALW San Francisco Public Radio. The knowledges I acquired as a CRGS major allowed me to interject and create conversations around language, representation, and building community at the radio station. It also helped me advocate for stories from perspectives that are not often covered in media.

**Lalo Rivera**  
(he/they),  
Fall 2022

I'm a community outreach director for a non-profit in San Diego county. I write grants, teach a literacy class for Latine parents with children aged 0 to 5, and mentor first-generation college students.

My major in CRGS allows me to see structural issues in my community and it prepared me to contribute toward finding solutions to address our need for specific resources.

### Minor Requirements:

Each 16 units total

#### Comparative Ethnic Studies

**ES 105** - Intro to US Ethnic Studies

**ES 301** - Media & Politics of Represen.
